

APADEN PLAST AT A GLANCE

Since the beginning of our activities in 1977, customer orientation and continuous improvement of services is the priority of Apaden Plast Company. We have been able to achieve a remarkable reputation as the largest printing unit for all types of packaging wrappers in the east of Iran.

The long-term cooperation with domestic and foreign customers shows our responsibility, ability to provide customer's needs and excellent quality of our products, which produce with the latest printing methods.

Apaden Plast Company offers a wide range of packaging, including; cakes and cookies, snacks and nuts, chocolate and sweets, sugar and lump sugar, rice and cereals, beverages, tea and coffee, doypacks and sachets, cosmetics, dairy products, semi-finished foods, plant seeds, animal feeds, medical supplies, automobile components, etc.

Apaden Plast knows that the key to success in the current market is to provide products with the highest quality and apply the world's advanced methods to fulfill the customer's wishes.

Therefore, the company's R&D team does update its services constantly, and extensive investment has been made in this regard.

10 COFFEE, NUTS & SAUCE

11 OUR FACILITIES

03

CAKE & CHOCOLATE BISCUITS & BAKERY

Quadro bag
Gusset bag – stand up bag
Pillow package.
Flow pack, stick pack

- UV barrier
- Good dimensional stability
- Stable COF
- Cold seal for heat resistant products

Film Structures

- BOPP/MET BOPP
- BOPP/CPP
- BOPP/BOPP
- BOPP/PE
- BOPP/PEARLIZED

DRIED FOOD & PIZZA CHEESE

Pillow package (Vertical & Horizontal Filling)

- Good dimensional stability
- Stable COF
- Good lamination strength
- Good antistatic properties
- Good hot-tack

Film Structures

- BOPP/BOPP
- BOPP/PP
- BOPET/PE
- BOPP/PE

05

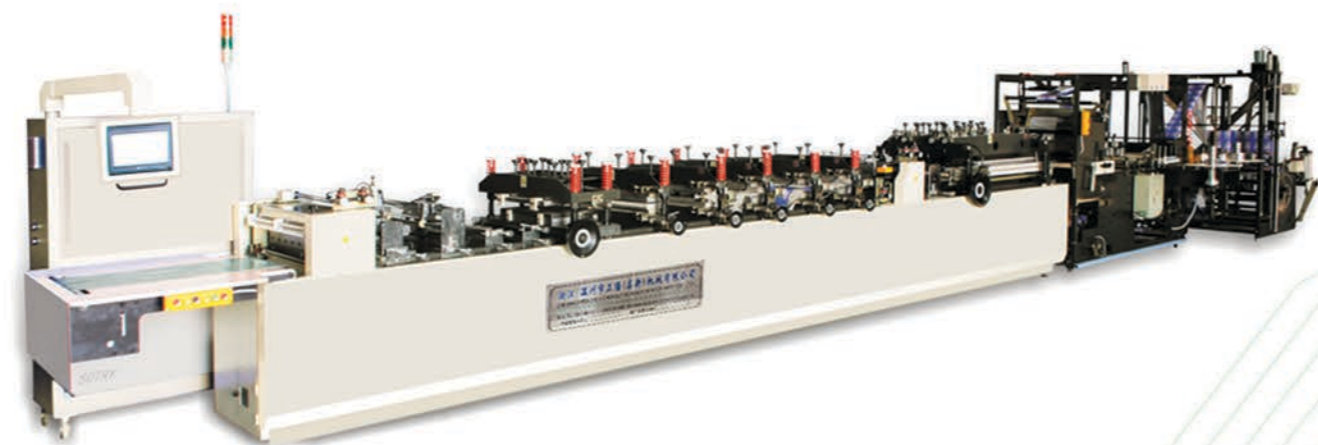

STANDUP POUCH VACUUM BAG

With Zipper and Without zipper

- Powered zip lock
- Perfect non-leak
- Perfect vacuum

Film Structures

- BOPET/PE
- BOPET/PETEMET/PE
- BOPET/ALU/PE
- BOPET/ CPP
- PA/PE
- PE/EVOH/PE

Highspeed Bag Making Machine

- Constant auto-tension control unwinding, LPC edge alignment, AC inverter constant speed auto material feeding up-down sealing & pressing
- Equipped with Pneumatic multi-function auto punching device, trim cutting and auto rewinding and static eliminator
- Punching device

06

SNACK FOOD & NUTS

Quadro Bag Pillow Bag

- Low oxygen & water vapor permeability
- Good UV barrier
- Good aroma barrier
- Good dimensional stability
- Good lamination strength
- Odorless
- Oil resistance
- Sealing ability
- Stable COF

Film Structures

- BOPP/MET BOPP
- BOPP/METPET/PE
- BOPET/METPET/PE
- BOPET/ALU/PE

07

HYGIENT PRODUCTS & COSMETICS

Baby Diapers Detergent, Wet Wipes, Nappy, Napkin Packaging

- Good dimensional stability
- Good lamination strength
- Protection from light
- Stable COF
- Good hot bond strength
- Sealing ability

Film Structures

- PE
- BOPET/PE
- BOPET/METPET/PE
- BOPET/ALU/PE
- BOPP/PE
- PVC Shrink

FROZEN FOOD ICE CREAM

Aluminum Foil Lids

Flow pack, Stick pack
Pillow package
Foil lids

- Protection from light
- Good dimensional stability
- Stable COF
- Sealing ability

Film Structures

- PEARLIZE/BOPP
- BOPP/METOPP
- BOPET/PE
- ALU FOIL

INSTANT DRINK, & BEVERAGE

Wrap Label

- Good dimensional stability
- Stable COF
- Antistatic feature

Film Structures

- BOPP
- BOPP/BOPP
- PEARLIZE
- PVC Shrink

10

COFFEE, NUTS & SAUCE

Sachets, Doypacks

- Good dimensional stability
- Good aroma barrier
- Protection aroma barrier
- Good laminating force
- Stable COF

Film Structures

- BOPET/PETMET/PE
- BOPET/ALU/PE

11 OUR FACILITIES

Printing Machines

- Cerutti Heliogravure printing press 8 colors- R960
- Uteco Heliogravure printing press 7 colors
- Fang Heliogravure printing press 8 colors - AZJ-81250C
- Carient Flexo printing press six colors

Slitting & Cutting Machines

- Titan SR8 slitting machine
- Ash slitting machine
- Kaviani slitting machine 1&4

Laminating Machines

- Supercombi 2000 Nordmechanica laminating machine
- Supercombi 3000 Nordmechanica laminating machine
- Fang simplex solvent less laminating machine 1&2
- Kaviani Cold Seal and solvent base laminating machine

Film Production Lines

- CPP Film 700 MT Capacity
- Metalizer 500 MT Capacity
